*The Language Centre always recommends taking (at least) a 10-week pre-sessional course, even if you meet the English Language requirements for your course, as you will improve your academic English and study skills, and further your knowledge of UK study conventions before starting your degree programme.

Courses are also available for longer periods. If you will need to study at the Language Centre for longer to meet the requirements for your course, please contact us for further details on langc@leeds.ac.uk. If you are intending to progress to the International Foundation Year (IFY), please see the separate table as different requirements apply. Please note these requirements are indicative and are intended as a guide - individual decisions will be made by the admissions tutor. Some of the key information in this brochure remains subject to confirmation. Please check for the latest information using the website and other resources referred to before making any decisions.

For further information on the requirements and range of courses available, contact langc@leeds.ac.uk and see www.leeds.ac.uk/languages.
