Summer 2017 Courses

10 week courses: 3 July – 8 September 2017
6 week courses: 31 July – 8 September 2017

Our Language Centre offer pre-sessional courses to help you reach the standard of English required for your Masters or research programme.

Whether you need to meet the English language requirements for your programme, or you want to gain a better understanding of the academic language and skills in your subject area, you could benefit from one of our pre-sessional courses.

You’ll study a discipline-specific course which is relevant to your future degree programme, developing your English language and ability to communicate at an appropriate academic level within your chosen field. Assessments will be tailored to test the skills you’ll need, and you’ll receive feedback on your progress throughout the course.

If you are accepted to the pre-sessional course, you will progress directly to your Masters or PhD at the University of Leeds and will not need to retake IELTS.

Our courses include:
• Language for Arts and Humanities
• Language for Business Management and Enterprise
• Language for Communication and Society
• Language for Economics and Finance
• Language for Education
• Language for Engineering
• Language for Human Resource Management
• Language for Law and Society
• Language for Marketing
• Language for Science
