

Clearing House for Postgraduate Courses in Clinical Psychology Equal Opportunities data for 2016 Entry

The data in this file covers applicants for NHS clinical psychology training places. People currently training as clinical psychologists are employed by the NHS. These arrangements may be amended for the next intake, but this is unclear at this stage. Please see the Funding page of our website for more information:

The tables include data from applicants who gave their authorisation for it to be made public. Some applicants who gave their authorisation preferred not to give details for particular questions. Some categories with small numbers are grouped together to maintain anonymity.

To monitor the socio-economic background of applicants we ask you for your home UK postcode when you were age 17. We compare this with the POLAR data produced by the Office for Students about the participation of young people in higher education. Please see the Office for Students website if you need more information about POLAR.

"Prefer not to say" includes people who do not have an appropriate postcode eg from outside the UK.
