YOUR ARRIVAL

2017

A guide to your first weeks at the University
Important Information
Information provided by the University, such as in presentations, University brochures and on the University website, is accurate at the time of first disclosure. However, courses, University services and content of publications remain subject to change. Changes may be necessary to comply with the requirements of accrediting bodies or to keep courses contemporary through updating practices or areas of study. Circumstances may arise outside the reasonable control of the University, leading to required changes. Such circumstances include industrial action, unexpected student numbers, significant staff illness (where a course is reliant upon a person’s expertise), unexpected lack of funding, severe weather, fire, civil disorder, political unrest, government restrictions and serious concern with regard to the transmission of serious illness making a course unsafe to deliver. After a student has taken up a place with the University, the University will look to give early notification of any changes and try to minimise their impact, offering suitable alternative arrangements or forms of compensation where it believes there is a fair case to do so. Offers of a place to study at the University will provide up-to-date information on courses. The latest key information on courses, entry requirements and fees can be found at www.leeds.ac.uk/courses. Please check this website before making any decisions.

There’s something for everyone, including activities for families, events without alcohol and a range of postgraduate events.

CHECKLIST FOR YOUR FIRST FEW DAYS

Now that you’ve arrived and are ready to settle in, take a look at what you need to do next using this checklist.

Collecting your Biometric Residence Permit

If you have a Tier 4 (General) student visa and are attending a course for six months or longer, you’ll need to collect your Biometric Residence Permit (BRP) when you arrive in Leeds. This is the visa that covers the full duration of your course.

If you provided the University of Leeds Alternative Collection Location (ACL) code in your immigration application, you’ll be able to collect your BRP from the University, as part of the registration process (Pg. 24). When your BRP is ready to collect, we’ll send you an email to explain what you need to do and where you need to go.

If, instead of the ACL code, you provided a postcode in Leeds in your immigration application then you will need to collect your BRP from a selected Post Office in Leeds. For more details, check the letter you received when your visa was issued.

You should collect your BRP within ten days of your arrival in the UK. If it is not available when you arrive in the UK, then you should collect it within ten days of your BRP being ready for collection. More information is available at the International Student Information Point, International Student Office and at students.leeds.ac.uk/brpcollection

Registering with the police

If your visa or BRP tells you to register with the police, you must do this as soon as possible after you arrive in UK. Although you are told to register within seven days, West Yorkshire Police give you up to 30 days to register with them. You’ll need to collect your BRP first, as this is one of the documents you’ll need.

Collect your registration forms and instructions from the International Student Information Point, International Student Office, or students.leeds.ac.uk/policeregistration

Before you sign a contract
If you’re planning to rent private sector accommodation, it’s essential to check several things before you sign a contract. Once it is signed you cannot usually cancel and will be legally bound to pay rent until the end of the contract, even if you move out before.

Make sure that you inspect the property, calculate all the costs and get your accommodation contract checked by our Accommodation Assistants, or Student Advice before you sign it. Never pay a landlord any money before you sign the contract. More information and advice is available at www.luu.org.uk/student-advice

Find out about the experiences of other students, by searching the address you’re interested in or the landlord you’re thinking of signing with, on the Rate Your Landlord website rateyourlandlord.org.uk

Once you get your keys and you’re inside the property, check it thoroughly and consider how it compares with when you saw it at the time of signing the contract. Take photos of the property (including any wear and tear) so you have proof of its condition.

Contact the landlord straight away in writing of anything you’re concerned about, such as missing or damaged items. If there is a burglar alarm, make sure the landlord gives you the code so you can start using it.

Take meter readings on the day you collect your keys and contact your gas and electricity suppliers to provide these. Make sure you put the names of all your housemates on the bill too.

Check your bin collection days, where your bins are stored, and what items should go in your different bins. www.leeds.gov.uk/residents/Pages/Bins-and-recycling.aspx

Once you are settled in to your new home, call round to your neighbours and introduce yourself. They may be able to keep an eye on your house while you’re away, help with getting to know more about the community, and ensure you can communicate any problems that may arise during the year.

You can find out more about living locally and being a Leeds resident at sustainability.leeds.ac.uk/your-community

Family accommodation
The University has limited family accommodation, so it is essential to contact Accommodation Services as early as possible to find out about availability.

Many families find a home in the private sector. Unipol has information for families and you can visit them for more details of suitable houses.

Council tax
Council tax is a charge the local council makes for services it provides. Full-time students on courses over 24 weeks are normally exempt from paying, but others may get a bill.

Check if you’re exempt, or entitled to a discount at www.leeds.gov.uk/residents/Pages/Students-and-council-tax.aspx students.leeds.ac.uk/counciltax

If you’re unsure, get advice from Student Advice as soon as possible. www.luu.org.uk/student-advice
**FOOD AND SHOPPING**

In your accommodation you will probably need to buy some essential items. Leeds has a large choice of shops for food, bedding, kitchen equipment, electrical items, cleaning and bathroom products.

Although the city centre is only a short walk from campus, the students’ union building (building number 32) has a range of shops where you can buy all your essential items, including groceries, books, stationery, cards, gifts and clothing. There’s also an optician, bank and a variety of places to eat and drink. [www.luol.org.uk/places](http://www.luol.org.uk/places)

**Local shops**

Across the road from campus, on Woodhouse Lane, there are many other shops, banks and cafés. More shops can be found in the city centre, Headingley and surrounding areas:

- **Morrisons** is a large supermarket and a 10-minute walk from the University on Woodhouse Lane. This store sells a wide range of food and household items.

- **Sainsburys** have supermarkets in the city centre and Headingley and sell most items. There is a smaller store on Woodhouse Lane and a larger store on The Headrow.

- **Tesco Express** is next to Central Village accommodation and also on Woodhouse Lane, just on the edge of campus. This store sells a selection of food and is open until late every day.

- **Wilko** can be found on Woodhouse Lane, and sells most household items. A larger store with a bigger selection of household items is on Albion Street.

**Kirkgate Market** is located near the city bus station and is one of the largest covered markets in Europe. It sells groceries and other items on market stalls and many are very good value for money.

**Argos** is a store where you choose household and electrical items from a catalogue or online. To collect items, visit the city centre store on The Headrow.

**International foods**

There are many places to buy international food ingredients in Leeds. For details of specialist international, halal and kosher food shops visit [students.leeds.ac.uk/essentialitems](http://students.leeds.ac.uk/essentialitems)

**Food and drink on campus**

The University’s catering service, Great Food at Leeds, offers a wide selection of fresh food at competitive prices during the day. Whatever your tastes or dietary requirements, whether you’re looking for a freshly made sandwich to take away or to sit down for a hot meal, you’ll find something in one of our 13 cafés or award-winning Refectory (building number 29). Where possible, our products are locally sourced, seasonal and Fairtrade.

To help you budget for meals and save money, you can apply for a free Refresh card. This card can be topped up online, gives you a 10% discount on selected items and can be used in any of the Great Food at Leeds cafés. You can also buy reusable KeepCups in all our cafés, saving 10p every time you buy a hot drink. [www.leeds.ac.uk/greatfoodatleeds](http://www.leeds.ac.uk/greatfoodatleeds)

Every Monday during term time, you’ll find a farmers’ market outside the students’ union building on campus, selling a variety of fresh local produce including fruit and vegetables, cheese, bread and cakes. Students tell us it’s one of their favourite weekly treats.
Our postgraduate degrees will take you to the next level. Whether you want to deepen your knowledge of a specific subject, enhance your career opportunities or take a new direction in life, we have a postgraduate course to suit you.

SUPPORT FOR DISABLED STUDENTS

Disability Services offers information, advice and support to students who:

- have a specific learning difficulty (for example, dyslexia or ADHD)
- are deaf or hard of hearing
- are blind or partially sighted
- have a physical or mobility impairment
- have a long-term medical condition
- have a mental health condition
- have an autism spectrum condition (for example, Asperger syndrome)
- have a combination of these.

If this applies to you please contact Disability Services as soon as possible, even if you’re not sure whether you’ll need support. They can discuss your situation with you and answer any questions you may have about possible support. They can also help you to access other University support and resources, make you aware of any options open to you and ensure that you have contact with a Disability Support Adviser.

For students who require more specialist support, such as one-to-one mentoring, sign language interpreters, text transcription (including Braille), specialist equipment or software, the process of getting the right support in place can take several weeks, so it is important that you apply for this as soon as possible.

To access support you’ll need to have current evidence of your disability or diagnosis and you’ll need to complete an online sign-up form. For more information and support, contact Disability Services directly.

Immigration rules and processes change very often so it is important to get the correct advice. Our Immigration Advice Service is the only service at the University that is allowed to give you immigration advice. Staff in your school/department or elsewhere in the University cannot give advice relating to immigration. Always check with us if you have questions about your visa or need help with your immigration status.

Working and volunteering during study
Check either your visa stamp in your passport or Biometric Residence Permit to see if you are allowed to work. If you are not sure, take your passport and visa to our Immigration Advice team to be checked.

Inviting family and friends
If you want to invite your family or friends to visit you in the UK, find information at students.leeds.ac.uk/visits

Keeping the University informed
If you applied for your visa using a Confirmation of Acceptance for Studies (CAS) the University will, by law, have to report periods of unexplained absence to the Home Office. It is very important to talk to your tutor or supervisor if you are going to miss part of your course. To notify the University if you have been ill and missed classes, follow the instructions on students.leeds.ac.uk/attendance

Check with our Immigration Advisers if you want to do a work placement or a period of study abroad. You should also get advice if you make a change to your course or studies, for example if you need to take re-sit exams or withdraw from your course.

HELP WITH YOUR ACCOMMODATION
You may need to speak to someone about certain aspects of living in your accommodation, like maintenance and repairs, or your contract.

University accommodation
Talk to your residence manager if you need help with problems like repairs. Your warden can help if you’re unhappy in your accommodation, for example if your neighbours are noisy, or you feel unsafe. The Accommodation website explains how to contact the residence manager and warden. accommodation.leeds.ac.uk

Private sector accommodation
If you have any problems, first speak to your landlord or letting agent. If you’re not happy with their answer you can talk to Unipol to see if your landlord is registered with them. You can also visit Student Advice in Leeds University Union for specialist advice. They can help with a wide range of housing topics including negotiating with landlords and helping with issues with your housemates or property.

ACADEMIC LIFE
During your time at Leeds, you'll need to study and research independently and the University has the resources, technology and study space you need.

Library induction
We have four main libraries on campus: the Laidlaw, Edward Boyle, Brotherton and Health Sciences. Each library provides areas for silent individual study as well as flexible areas for group work, extensive computer facilities and Wi-Fi for laptop and tablet use.

Our libraries are open seven days a week and have a variety of opening times to suit your needs – you'll need your student ID card to gain access. Our friendly, dedicated staff are always on hand to answer any questions and to help you get the most out of the library throughout your time at University.

You can find out about our online induction at library.leeds.ac.uk/quickstart

You can also use Minerva, The Portal and VLE, to check your library record and find opening times, as well as find books and articles using Search@Library.

Find details of our tours of the libraries on page 11.

You can book onto one of our workshops, which include topics such as critical thinking and writing skills, or you can use our online resources to develop your academic skills at a time and pace that suits you.

You can also book a one-to-one appointment with a learning advisor for help with academic skills. Skills@Library is based in the Skills Zone in the Laidlaw Library (building number 63).

REGISTRATION
All students at the University need to complete registration. You’ll also be able to collect your student ID card. Once you’ve registered, you’ll be able to start your studies or research, attend lectures and seminars, and use the library and computer facilities.

Before you start the registration process, we strongly recommend that you read the information in this guide, attend a welcome talk (see page 9) and visit students.leeds.ac.uk/registration

There are two steps to the registration process:
• Part A – online registration
• Part B – identity checks and collecting your student ID card

You’ll need to complete the online registration process on Minerva, The Portal and VLE, at minerva.leeds.ac.uk. Check page 23 for information about how you get your username and password to log on.

Before you can complete all the online stages of the registration process, you may have to visit some places in person to show your original academic or financial documents. Don’t worry if it takes a few days to register – this is normal. You can leave the online registration process at any time and return to it later. The information you’ve already given will be saved.

After you’ve completed online registration, you’ll need to take identity documents and an electronic or printed copy of your registration certificate to the Great Hall (building number 57). You’ll also be able to collect your student ID card.

The flow chart on page 27 shows a step-by-step guide to registration.

To register you’ll need:
• your student ID number (this is the nine digit number shown on your offer letter)
• your home address (your address in your home country)
• your term-time address (your address in Leeds or the local area)
• the address and telephone number for one or more emergency contact
• your passport or identity document
• your visa – if non EU/EEA/Swiss
• your academic offer letter
• original academic qualification certificates
• English Language test report or proof of English course attendance – if this is a condition of your offer
• proof of fees paid – if you paid in advance
• sponsorship letter or proof of funding – if you are sponsored or have a scholarship

Remember to bring formal translations if your documents are not in English.
International Foundation Year students
Your joining instructions were sent with your offer letter. Follow these instructions to complete registration. If you have any questions, visit the International Foundation Year office, Room 12.14, Marjorie and Arnold Ziff Building (building number 77).

Study Abroad, Exchange and Erasmus+ students
You’ll receive emails from the Study Abroad Office before you arrive. These emails will include information about how to register. Follow these instructions to complete registration.

Language Centre students
You’ll receive guidance from the Language Centre to help you with the registration process. If you have any difficulties, the Language Centre will be able to help you. For more information, check your timetable or visit the Language Centre Reception, Level 3, Parkinson Building (building number 60).

Original academic document checks
Please check your offer letter as you may need to show original academic documents before you can start online registration. If you’re required to show your documents, please take them to:

- **All undergraduates and Leeds University Business School taught postgraduates**
  Go to your school (subject) office.
  Ask staff at the Student Services Centre or the International Student Information Point if you are not sure where to go.

- **Other taught postgraduates**
  Go to room UG09 in the Great Hall (building number 57). Thursday 7 – Friday 22 September (weekdays), 09.00 – 17.00. At all other times, go to your school (subject) office.

- **All postgraduate researchers**
  Go to the Student Services Centre counter in the Marjorie and Arnold Ziff Building (building number 77).

Other document checks
As you work through online registration you may need to show documents relating to your admission or fee payment. After your documents have been checked, your student record will be updated and you can complete the next stages of the registration process. Sometimes it can take up to 24 hours for your student record to be updated before you can start the next stage of registration. Ask the member of staff who checks your documents to tell you how long you’ll need to wait. If you have a visa you may be asked to visit the International Student Office before your student ID card is issued. This is nothing to worry about – we just need to make a check.

It’s normal for registration to take a few days, as you will need to show some documents and visit more than one location. While you are in the process of completing registration, you could attend some of the other welcome and orientation events (Pg. 46).
Part A: Online registration
Computers and printers are available across campus in the computer clusters and libraries, for you to complete online registration and module enrolment. For more information on the location of these facilities visit it.leeds.ac.uk

To start registration go to minerva.leeds.ac.uk and log in using your University username and password.

Click in the top right, then click ‘Registration’ and follow the on-screen instructions. You’ll get a registration certificate at the end and you’ll need to show an electronic or printed copy.

Part B: Identity checks and collecting your student ID card
We need to check your identity to complete your registration. You’ll need to bring an electronic or printed copy of your registration certificate, as well as your passport, and your visa or other immigration permission, if appropriate.

Once we’ve checked your identity, we’ll take a photo of you and print your student ID card while you wait. You’ll need this to access our libraries, computer services, sports facilities and some lecture theatres, and you’ll also need to show it when you sit exams.

If you chose to collect your Biometric Residence Permit (BRP) from the University, you’ll be able to collect this at the same time as collecting your student ID card. You’ll only be able to collect your BRP after you have received an email from the University to say that it is ready to collect.

Thursday 7 – Friday 22 September
(weekdays only)
09.00 – 17.00
Great Hall
(building number 57)

At all other times, go to the Student Services Centre counter in the Marjorie and Arnold Ziff Building (building number 77).

It’s very important to make sure you complete registration as Home Office regulations require the University to report international students who do not complete the registration process.

Registration steps
This is a step-by-step guide to completing registration and collecting your student ID card.

1. Read your registration guidance and attend a welcome talk (Pg. 9)
2. Show your original academic documents. Check your offer letter to see if this applies to you (Pg. 25)
3. Start the online registration process (Pg. 26)
4. On step six, confirm how any fees will be paid, or show your sponsor or scholarship letter (Pg. 28)
5. Save or print your registration certificate
6. Log on to Minerva, The Portal and VLE, at minerva.leeds.ac.uk
7. Complete identity check and collect your student ID card (Pg. 26)
8. Bring your registration certificate, passport and visa with you. You may also be asked to visit one of our other teams for a visa check.

When showing documents or collecting your student ID card, make sure you join the correct queue. Look out for signs in the Student Services Centre or speak to a member of staff.

Hold messages
You may see an on-screen hold message during online registration – a ‘hold’ will stop you moving on to the next registration stage until you have done something. Read the information in the message and follow the on-screen instructions – make a note of it or take a screen shot.

If you can’t log on there may be a number of reasons for this. Follow the on-screen instructions and contact the Registration Helpline if you need help.

+44 (0) 800 915 0402
+44 (0) 113 343 7000

If you need to print, look for instructions on-screen and in the computer clusters about how to print. You’ll already have some free printer credits.
**PAYING FEES**

As part of the online registration process, you will need to confirm how any fees will be paid.

If you’ll be studying a pre-sessional course with the Language Centre, you can check how you’ll pay your fees at [www.leeds.ac.uk/languagecentrepayments](http://www.leeds.ac.uk/languagecentrepayments).

All other students will need to choose one of the following payment options. When you make a payment or payment arrangement, you should keep your confirmation email for future reference. More information about payment options can be found at [students.leeds.ac.uk/waystopay](http://students.leeds.ac.uk/waystopay).

Please do not use cash or bank draft as a payment method.

**Payment in full**

Make your payment online (step six of the online registration process) or at [students.leeds.ac.uk/feescharges](http://students.leeds.ac.uk/feescharges) or in person at the Cashiers counter in the Student Services Centre.

**Payment in instalments**

If you choose to pay in two instalments you’ll need to pay half of your tuition fee before you register, then set up an agreement to pay the second half of your fees by direct debit from a UK bank account later in the year.

Pay the first instalment online (step six of the online registration process) or at [students.leeds.ac.uk/feescharges](http://students.leeds.ac.uk/feescharges) or in person at the Cashiers counter in the Student Services Centre.

When your UK bank account is open, you’ll need to enter the account details to arrange payment of your second instalment by direct debit.

**Sponsored students**

If your fees are being paid by a third-party organisation, you’ll need to show the Fees department your sponsor or scholarship letter. If you have a partial scholarship or sponsorship, which doesn’t cover your full fees, you’ll need to arrange payment of the balance by one of the methods mentioned previously.

Show your sponsor or scholarship letter at the Student Services Centre counter in the Marjorie and Arnold Ziff Building.

**If you can’t complete step six for one of the following reasons**

- our Fees department have not received your sponsorship letter
- our Fees department have not received confirmation of a University scholarship
- your funds are temporarily delayed
- you have an outstanding debt to the University.

You will need to follow these instructions:

- log back into online registration when your funding issues are resolved to complete steps six and seven
- if you have difficulty making an online payment by debit or credit card, visit the Cashiers counter in the Student Services Centre, Marjorie and Arnold Ziff Building.
OPENING A BANK ACCOUNT
You may want to open a UK bank account to pay your fees in instalments and to set up regular payments for items such as bills.

Banking and budgeting session
Our International Welcome team can explain about your choice of bank accounts and what you need to take with you when you go to open your account. Find details of these sessions on page 10.

Can I open an account?
If your visa is for 12 months or more, you’ll have a large choice of bank accounts available to you. If your visa is for less than 12 months you’ll have a more limited choice of bank accounts you can open.

We have created a bank account comparison table to help you choose the best bank account for you. Check it to see how long you need to be in the UK for to open each specific account. You can pick up a copy at the International Student Information Point or find it at students.leeds.ac.uk/bankaccounts

What documents do I need?
This will depend on which bank and which bank account you choose. We suggest that you check the list of documents on the bank account comparison table, or check with the bank directly.

Bank introduction letter
Usually you need to take a bank introduction letter from the University. Before you get your bank letter you need to complete the first five steps of online registration and decide which bank you want to open an account with. You can request a letter at the following locations:
Thursday 7 – Friday 22 September, (weekdays)
09.00 – 17.00
Room UG09, Great Hall
(building number 57)

At all other times, go to the Student Services Centre counter in the Marjorie and Arnold Ziff Building (building number 77).

Help with opening a bank account
Come and talk to us if you have any problems opening an account.

MANAGING YOUR MONEY
It’s likely that your first few weeks at University will be more expensive than an average week. You’ll need to think about budgeting for essentials like food and travel expenses, as well as saving money for any social events that you want to take part in. While many events and activities are free, you may need to pay for some.

Student Advice in Leeds University Union (building number 32) can help with budgeting and can offer helpful advice on managing your money. They work on all money-related student issues, from finding low-cost recipes and the latest student deals, to providing lots of money-saving tips. For more information on managing your money visit www.luu.org.uk/student-advice
**MODULE ENROLMENT**
You may need to select the modules that will make up your programme of study. Find out about the different types of modules and whether this applies to you.

**Full Undergraduate and Taught Postgraduate students**
Once you have your username and password you can complete module enrolment online. Remember to refer to the pre-arrival information sent to you by your school. If you need any help, you’ll be able to contact your school directly during module enrolment.

Your course is made up of modules which are each worth a certain number of credits that contribute towards your degree.

**Compulsory modules** – these modules have to be taken as part of your course and you’ll be enrolled for these automatically.

**Optional modules** – you may have to take a certain number of optional modules, which are important to your course, but you’ll be able to choose these from a list.

**Discovery modules** – most full undergraduate courses also allow you to choose a certain number of Discovery modules, giving you the opportunity to study something you’re interested in, which isn’t necessarily related to your course. We have grouped over 1,000 discovery modules into 10 Discovery Themes, which you can explore at leedsforlife.leeds.ac.uk/broadening

If you need further information, you can go to the Discovery Themes Fair on Wednesday 20 September in the Parkinson Court (building number 60).

Some postgraduate taught courses also allow you to choose a certain number of elective modules which are not related to your course, so you can further any particular interests and career goals, or try something completely new.

LIVING IN LEEDS
**KEEPING SAFE**
Leeds is a great place to live, but as with all big cities it does have some crime.

The situation in the UK may be different to what you are used to at home, so it is important you learn about UK crime prevention and take sensible precautions.

**Top safety tips**
- Stay on well-lit busy streets and avoid walking home alone after dark.
- Lock windows and doors at all times, especially when you leave the house.
- Don’t leave valuables unattended, even for a few minutes.

If you have any safety questions, or in the unlikely event that you’re a victim of crime, there is lots of support available to you.

Dial 101 for any non-emergencies or to report a crime. The emergency number for police off campus is 999, where there is a danger to life, or a crime is in progress. If you are on campus call +44 (0) 113 343 2222.

**University’s Security Office**
This service operates 24-hours a day, every day of the year. Security staff offer crime prevention advice, respond to emergencies and deal with lost property. Contact them for information and advice or to report a crime.

HEALTHCARE
There are various places you can access healthcare, depending on how serious your condition is.

24-hour telephone health advice
For health advice at any time of the day or night, call the National Health Service (NHS) by dialling 111. If you’re not sure which healthcare service to use, call 111 to discuss the options with an adviser. They will ask you a series of questions to assess your symptoms and immediately direct you to the best medical care for you.

Pharmacies
If you have a minor health problem such as a cold, sore throat or dry skin, you can visit a pharmacy (chemist) to get advice and buy medication.

If your local pharmacy is closed you can buy medication every day of the week until midnight at Boots Pharmacy in Leeds Train Station.
+44 (0) 113 242 1713

Local doctor/general practitioner (GP)
For non-emergency medical treatment, you should see your local doctor (GP). You can find a list of doctors on the NHS website.
www.nhs.uk/service-search

Leeds Student Medical Practice is the closest doctor’s surgery to campus (building number 110). Their website has health advice and information about booking an appointment to see a doctor. Same-day appointments may be available if you visit early in the day.
www.leedsstudentmedicalpractice.co.uk

If you are entitled to register with a local doctor, you should do this as soon as possible when you arrive in Leeds.

Hospital
You should only visit a hospital if you need emergency care or if your GP refers you for specialist treatment. An emergency is a life-threatening condition, such as loss of consciousness, severe chest pain, breathing difficulties or severe bleeding.

Accident and Emergency department (A&E)
The nearest A&E department to campus is in the city centre.
Leeds General Infirmary (LGI)
Jubilee Wing, Clarendon Way
+44 (0) 113 243 2799

To call an ambulance
Ambulance services help with serious or life-threatening conditions. If you are on campus call +44 (0) 113 343 2222 and Security staff will arrange an ambulance. Off campus, you can make a free call from any phone to the emergency services by dialling 999.

Dentists
Services from dentists are not usually free, but there are many dentists in Leeds if you need treatment. You can search for a local dentist online or call 111 to speak to an adviser.
www.nhs.uk/service-search

If you need emergency dental care, call 111 for advice.

Opticians
If you need eye care, glasses or contact lenses, services from opticians are not usually free. There is an opticians based in the students’ union, or for a list of local opticians, visit www.nhs.uk/service-search

For more information about healthcare visit students.leeds.ac.uk/internationalstudentshealth
Meningitis vaccinations
You should ensure that you’ve been vaccinated against meningitis ACWY and MMR (measles, mumps and rubella). You may have had an MMR vaccination as a young child, but you need to ensure that you’ve had two doses. If you haven’t had these vaccinations at home, you should arrange to get them as soon as possible after arriving in Leeds.

If you are entitled to free medical treatment on the NHS you may be eligible to receive the vaccinations. These are available from the Leeds Student Medical Practice (building number 110).

If you are not entitled to free NHS treatment, you can get vaccinations from a local travel clinic.

For more information visit students.leeds.ac.uk/internationalstudentshealth

Will I have to pay for healthcare?
If you will be in the UK for more than six months and have a visa, you will have paid the Immigration Health Surcharge (IHS) as part of your visa application for the UK, so you will not be charged for seeing a doctor, whether this is at a GP surgery or if you are referred to hospital for further tests or treatment. If you are prescribed medication you will pay a set NHS rate per item, currently £8.60, at the pharmacy when you collect the prescription. You should keep a note of your IHS reference number in case you are asked to provide it by the hospital authorities.

If you will be in the UK for less than 6 months, you will not have paid the IHS fee. This means that you might be charged as an ‘overseas visitor’ if you see a GP, and you will definitely be liable for the costs of any hospital treatment. These costs can be very high, so you are advised to arrange medical insurance. In practice, most GPs will accept students as NHS patients, regardless of the length of the course, but you may have to pay a higher rate for any medication which is prescribed.

Emergency treatment is always free of charge and you won’t have to prove who you are before being treated in an Accident and Emergency department (A&E).

Medical registration
To register you’ll need to go to a doctor’s surgery and take the following documents:
- proof of your identity (eg passport, driving licence)
- proof of your student status (eg student ID card, offer letter)
- proof of your Leeds address (eg accommodation contract)

Leeds Student Medical Practice staff can help you register with the Medical Practice and are available to answer any questions you have about healthcare facilities and services.

EXPLORING THE CITY
Leeds is home to over 60,000 students. It’s famous for being a centre for arts, sports, leisure, entertainment and nightlife, so it really does have something for everyone. Leeds is full of experiences, easy to explore and will soon be your new home.

Arts and culture
Leeds has several theatres including Leeds Grand Theatre, Carriageworks and West Yorkshire Playhouse – all the theatres offer discounts for students, so make sure you ask. You could also visit the University’s very own stage@leeds on campus, which regularly hosts a range of performances.

Places that are free to visit in the city include Leeds City Museum, the Royal Armouries and Leeds Art Gallery. On campus, the two Leeds University Library Galleries, Treasures of the Brotherton and The Stanley & Audrey Burton Gallery, house collections that will take you on a journey through history, imagination, art and culture. Our new art trail will help you explore the University’s impressive collection of public artworks across the campus too.

A large number of clothes stores offer a student discount, although they may not always advertise it, so remember to ask.

Food and drink
You’re never far from a fantastic restaurant, café or pub, whether you’re in the city centre or the popular student suburb of Headingley. Many restaurants and cafés have special deals for students or early bird menus ideal for a student budget.

More information about local shops and places to buy food in Leeds and the surrounding areas can be found on page 14.

Nightlife and music
Leeds nightlife is known for its diversity, with music to suit all tastes. There are plenty of live music venues in the city, including the 13,500 capacity First Direct Arena, the O₂ Academy and Brudenell Social Club. The University’s Refectory has hosted top bands and artists, including Arctic Monkeys, Kaiser Chiefs and Bastille. For more information visit www.luu.org.uk

Green space
Sitting in the heart of Yorkshire, surrounded by beautiful, accessible countryside, Leeds is one of the greenest cities in Britain, with several large parks across the city – all of which are great for walking or relaxing. The fantastic location means there are many historic towns, villages and natural beauty spots nearby.

City events
Few cities have such a varied calendar of performances, activities and festivals. Some highlights include Light Night, Leeds International Film Festival, Ice Cube Outdoor Ice-Skating Rink and the Leeds West Indian Carnival.

FINDING YOUR WAY AROUND
Leeds has a compact city centre and good public transport services, making it easy to get around. The University is committed to reducing its carbon emissions so we encourage you to walk, cycle and use public transport wherever possible to reduce our impact on the local environment.

You can view the University’s travel guide online with information on all your travel options at sustainability.leeds.ac.uk/travel-guide

Walking
Walking is one of the easiest, healthiest ways to get around Leeds and is good for your bank balance. You’ll see many of our students walking to and from the University or city centre all year. When crossing roads, remember to take extra care as vehicles may be travelling on the opposite side of the road to what you are used to. If you’re unsure of the best walking route to your destination, take a look at WalkIt which gives you a route map including step count and carbon saving. walkit.com/cities/leeds

Cycling
Many of our students also choose to cycle to the University, which is convenient, cheap and quick. We provide cycle parking across campus and all of our residences have secure cycle storage.

You can hire a bike at a really low cost from the Bike Hub on campus which is located between the EC Stoner Building (building number 73) and Roger Stevens Building (building number 89). Hire bikes are £25 for three months (plus a returnable deposit). You can re-hire if you wish to keep your bike for longer and can book a bike in advance online. The bike hub is open to all cyclists at the University, offering bike maintenance facilities and support, as well as information on cycle storage, routes, safety and training. transport@leeds.ac.uk sustainability.leeds.ac.uk/sustainable-transport/bike-hire

Buses
During the day buses run past the University up to every three minutes and all services go into the city centre for easy access to the city bus station or train station. Journeys on FirstLeeds services 1, 6, 28 and 97 cost just £1.10 for any single journey between the University and Headingley and service 1 operates until 3am from Monday to Saturday. It is normal to queue at bus stops and to put your arm out to signal to the bus driver that you want the bus to stop.

FirstLeeds offers student discounts on a variety of monthly and term-time tickets for use on all FirstLeeds buses in Leeds. Daily and weekly tickets can be purchased on the buses. All FirstLeeds buses are fitted with Metro’s YourNextBus real-time technology, so you can find out exactly when your bus is due. www.firstgroup.com/leeds

Leeds CityBus service links up key locations around the city centre. The cost is £1 per journey. Find out more at www.wymetro.com/bustravel/leeds

For anyone under the age of 26 who regularly use buses and trains, Metro offers a U26 MCard, currently priced at £22.60 per week or £86.50 per month, providing unlimited travel throughout West Yorkshire, at any time of the day or night (except Nightrider and special event services), including on buses to the Yorkshire Dales. www.m-card.co.uk

Trains
If you’re planning on travelling further out of the city, trains are often faster but usually more expensive than coach travel. If you book a week or more in advance, you’re more likely to get a cheaper fare. Also, you can save money by being flexible with your travel dates and times or by using a Railcard.
Some local taxi companies are:

- Amber Cars +44 (0) 113 202 2117
- Arrow Cars +44 (0) 113 258 5888
- City Cabs +44 (0) 113 246 9999
- Streamline Telecabs +44 (0) 113 244 3322

Car sharing

If you’re going away for the weekend and trying to find a lift, you could use Liftshare. This enables organised car-sharing by connecting people who are travelling in the same direction. You can arrange to travel together and share the cost, while reducing pollution and congestion.

Finding your way around the campus and city

The campus is only a short walk from the city centre and is easy to get around. Maps, signposts and building signs can be found across campus and the city centre to help you find your way.

There’s also a map of the campus and city in your welcome pack, showing the location of campus buildings, shops, places to eat, visitor attractions and locations of travel centres where you can buy train and bus passes.

In September there are also activities and tours to help you explore the campus and city. Find more details on page 10.

You can find out more about travel options on our website at

students.leeds.ac.uk/localtransport

Buying two single tickets may sometimes be cheaper than buying a return ticket. You can buy tickets at Leeds Train Station or through the National Rail Enquiries website at

www.nationalrail.co.uk

National Rail offers a Railcard for people aged 16–25, currently priced at £30 (for one year) or £70 (for three years). You can also get one if you’re over 25 and in full-time study. Additionally, there are other Railcards available for those who travel with children and for two people who travel together. Find out more at

www.railcard.co.uk

If you require extra assistance with your journey, contact staff at the train station. You can find further information at

www.nationalrail.co.uk/stations

Coach travel

For travel between major cities in the UK, coaches are generally cheaper than train travel but take longer. Most coach services run by National Express and Megabus arrive and depart at the Leeds City Bus and Coach Station in the city centre. Some National Express services also stop outside the Parkinson Building (building number 60). For more information visit

www.nationalexpress.com

uk.megabus.com

Taxis

There are taxi ranks outside the Parkinson Building (building number 60) and at the bus, coach and train stations, as well as at points around the city centre. You can also stop black and white taxis in the street, but check that the orange taxi sign on the vehicle roof is lit up to show that it’s available.

Other taxis, which are usually cheaper, must be booked in advance by phone, online or using one of their mobile apps.

Only take a marked taxi car, and ask the driver beforehand for an estimation of how much the journey will cost.

If you want to explore some other great places in the UK, have a look at the Give it a Go trips which you can join. See page 45 for more information.
FAMILIES AND CHILDREN
Leeds prides itself on being a child friendly city and offers many attractions and opportunities for couples and families to enjoy.

If you have come to Leeds with your family, you can find out detailed information about the UK school system, childcare and family-friendly activities at students.leeds.ac.uk/internationalfamilies

ACTIVITIES AND OPPORTUNITIES
ACTIVITIES AND OPPORTUNITIES

Your experience here will involve much more than your academic studies. This section highlights just some of the opportunities available which will enrich your University experience and prepare you for your career.

Student Opportunities at Leeds

The Leeds for Life website gives you access to a wide range of opportunities to develop your skills, broaden your experience and contact our alumni to discuss their career profiles via the Leeds Network. The Personal Development Timeline provides a place to keep a personal and active record of all you’ve done and achieved.

www.leeds.ac.uk/leedsforlife

Paid work, voluntary work and volunteering

Working and volunteering provide a great opportunity for you to mix with people from the local community, improve your language skills, get an insight into UK workplace culture and gain new experiences.

Before you apply for paid or unpaid (voluntary) work, it’s essential that you check whether you have permission to work in the UK and any restrictions on working which apply to you, as the law on restrictions is very strict.

Unpaid/voluntary work counts towards your weekly limit during term time. Volunteering means doing occasional work for a charity, and this is not restricted.

More information can be found at students.leeds.ac.uk/workingduringstudy

Research students should also be aware that University regulations restrict you to 250 hours of paid work per 12-month session. Check the Research Student Handbook available at students.leeds.ac.uk/researchstudentguidance

Volunteering

Volunteering is an integral part of Leeds for Life and a great way to develop valuable skills and widen your life experience. Whether you have a few hours to spare or can commit to a weekly role, there will be something to suit you and your interests.

By using the opportunities section on Leeds for Life, you can search for volunteering roles across Leeds with over 140 different charities and community organisations. Once you’ve found the role you’re looking for you can contact the organisation directly to discuss the application process in more detail.

Volunteering may be doing arts and crafts with older people or assisting with a weekly community garden, there are lots of roles available.

You could volunteer in a local school through the Students into Schools scheme, or help out with one of the University’s own sustainability projects such as Green Impact and the Sustainable Garden. You could even apply for a cash grant from the Leeds for Life Foundation to help you to set up your own project.

leedsforlife.leeds.ac.uk/opportunity sustainability.leeds.ac.uk/get-involved

Leeds University Union has many student-led volunteering societies where you can help with one of the great community projects in Leeds or abroad.
