SCHOOLS AND COLLEGES OUTREACH PROGRAMME
**Important Information**

Information provided by the University such as in presentations, University brochures and the University website, is accurate at the time of first disclosure. However, courses, University services and content of publications remain subject to change. Changes may be necessary to comply with the requirements of accrediting bodies or to keep courses contemporary through updating practices or areas of study. Circumstances may arise outside the reasonable control of the University, leading to required changes. Such circumstances include, industrial action, unexpected student numbers, significant staff illness (where a course is reliant upon a person’s expertise), unexpected lack of funding, severe weather, fire, civil disorder, political unrest, government restrictions and serious concern with regard to the transmission of serious illness making a course unsafe to deliver. After a student has taken up a place with the University, the University will look to give early notification of any changes and try to minimise their impact, offering suitable alternative arrangements or forms of compensation where it believes there is a fair case to do so. Offers of a place to study at the University will provide up to date information on courses. The latest key information on courses, entry requirements and fees can be found at courses.leeds.ac.uk. Please check this website before making any decisions.

**EDUCATIONAL ENGAGEMENT**

The University of Leeds works across the UK with schools and colleges to raise awareness of, and aspirations towards, higher education. We offer an extensive programme of talks, workshops and enrichment events for primary and secondary school learners through to post-16 students. Activities can be tailored to your requirements and delivered either on campus or in your school.

**BOOK AN ACTIVITY**

RAISING ASPIRATIONS TO HIGHER EDUCATION

11–16 SUPPORT PROGRAMME
A range of presentations and interactive workshops tailored to learners in Years 7 through to Year 11. Aimed at raising aspirations and knowledge of higher education, we offer sessions covering:
- An introduction to higher education
- Learning styles and revision skills
- Choosing A-levels
- Interactive introduction to finance

HIGHER EDUCATION FAIRS AND UCAS CONVENTIONS
We attend local and national UCAS conventions and school-based higher education/careers fairs. These events provide students with an excellent opportunity to find out more about entry requirements, facilities, opportunities at the University of Leeds and have any questions they may have answered by specialist staff.

HIGHER EDUCATION EXPERIENCE DAYS (HEEDS)
We can host groups of up to 50 students on our HEEDs which aim to raise awareness of and aspirations towards higher education. These events typically include:
- A tour of the university campus
- Interactive workshops; up to 3 can be selected from our menu of higher education talks (page 8–13)
- A chance to meet and work with current undergraduates

EPQ: DEVELOPING RESEARCH AND STUDY SKILLS WORKSHOPS
Presentations and workshops suitable for Year 12 and Year 13 students undertaking the Extended Project Qualification. These can be delivered both on campus and in schools. Workshops include:
- A ‘Peake’ into space: data analysis
- Referencing and plagiarism
- The Great Brotherton Bake Off: critical thinking

IB: DEVELOPING RESEARCH AND STUDY SKILLS WORKSHOPS
Support for students undertaking the International Baccalaureate Diploma Programme. Our presentations, workshops and activities are designed to help students of all disciplines develop the key skills required for the core elements of the IB curriculum; the extended essay and theory of knowledge. Sessions include:
- Theory of knowledge: ways of knowing and areas of knowing
- Finding a topic and writing a research question
- Using sources: catching Pokémon and challenging perceptions
- Final judgement: the viva voce

SUPPORT PROGRAMME FOR UK-BASED INTERNATIONAL APPLICANTS
We offer bespoke advice and guidance to UK-based international applicants and teachers/advisors supporting UK-based international applicants to university. We can support international students through the higher education decision making and application processes by offering tailored workshops in school and higher education experience days on campus to groups of mixed home and international students.

ACCESS TO LEEDS
Our alternative admissions scheme for Year 13 or mature learners who meet certain widening participation and academic criteria. The programme provides participants with the opportunity to visit the University and develop study and subject skills. Eligible applicants are guaranteed special consideration from admissions tutors. Those who receive a standard offer from Leeds will also secure an Access to Leeds offer (usually two A-levels or equivalent below the standard offer) from the RO universities.

REALISING OPPORTUNITIES PROGRAMME (RO)
Leeds is a partner university for the Realising Opportunities programme. This is a collaboration of 16 research intensive universities who work to promote fair access and social mobility. The two year programme supports students from selected schools during their post-16 studies to develop academic skills and increase their confidence. Successful completion of the programme is recognised through UCAS, and gives the potential for an alternative offer (usually two A-levels or equivalent below the standard offer) from the RO universities.

UNDERGRADUATE OPEN DAYS
University-wide open days with information on courses, accommodation, student life and finance. Visitors can explore the campus, meet current students and attend subject-specific talks from our teaching staff.
SUBJECT SPECIFIC OUTREACH

Our programme of subject specific outreach incorporates the arts, social sciences and science, technology, engineering and mathematics (STEM) disciplines. Academic activities include visits and demonstrations in schools, experience days on campus, talks, workshops and festivals.

LEEDS LOVES…

Subject specific talks delivered in schools by undergraduate students from a range of arts, STEM, health sciences and social sciences degrees, designed to inspire and promote further interest in these subjects in higher education.

SUBJECT SPECIFIC CAMPUS VISITS

During a 4–5 hour visit, learners will find out more about studying at university, student life, progression routes and the different programmes of study available. Subject areas include:

- Arts and humanities
- Health
- Social sciences

MEDICINE – NOT JUST ABOUT MEDICS

An exciting opportunity for students interested in studying science at A-Level and those who have an interest in medicine, but want to explore other medically related STEM degrees and career prospects. Students will get involved through a series of hands-on sessions, covering areas of engineering, chemistry, nutrition, health or biosciences.

FESTIVAL OF ARTS AND HUMANITIES

A programme of presentations, interactive workshops, talks and exhibitions exploring the many subjects related to arts, humanities and social sciences. Sessions cover history, politics, languages, geography, music, media, classics, law and business which are delivered on campus and through a range of roadshows in schools.

ECONOMIC AND SOCIAL RESEARCH COUNCIL (ESRC) FESTIVAL

A series of talks and workshops supporting the ESRC’s annual Festival of Social Science. Participants will engage in interactive sessions highlighting the interdisciplinary nature of social science research and its relevance to our everyday lives.

FESTIVAL OF SCIENCE

Coinciding with British Science Week, the University provides an exciting programme of STEM activities for Year 3 through to Year 13 involving sciences, maths, geology, environmental science and engineering. Delivered both on campus and through roadshow sessions in schools.

LINGUASTARS

A residential for Year 12 French, Spanish and German A-level students to develop their language skills through a variety of interactive workshops. Students will also be given the chance to undertake taster sessions in lesser taught languages and related subjects such as Arabic, Italian, Chinese, Russian, linguistics and translations studies.

STEM SUMMER SCHOOLS

The University provides residential STEM events for Year 12 students in: biological sciences, chemistry, engineering, food science, mathematics and physics. Students have the opportunity to explore the campus, attend lectures, take part in a research project and experience living in University halls.
EVENTS FOR TEACHERS AND ADVISORS

Our portfolio of events and activities specifically for teachers and careers advisors includes talks, CPD seminars and conferences. All are designed to provide advice and guidance to those supporting young people in their HE decision making process.

TEACHERS AND ADVISORS’ CONFERENCES

Annual one-day events, held in Leeds and London, to support staff in the post-16 sector who have specific responsibilities for progression and guidance to higher education. The conference offers an update on developments at the University and provides information on key issues affecting students applying to higher education.

TEACHERS’ LOUNGE

Run in conjunction with our weekday undergraduate open days, we host a dedicated teachers’ CPD programme providing a choice of specialist talks and interactive sessions. Delegates are welcome to join the lounge to catch up on work, network and talk to our staff and students about the Leeds experience.
HIGHER EDUCATION TALKS AND WORKSHOPS

We provide a range of presentations and interactive workshops for young learners in Year 7–13. These can be held at the University, in schools or colleges and can be tailored to meet your needs.

All of our sessions fulfil recommendations from the CDI framework for careers, employability and enterprise education 7–19 and the Gatsby Foundation benchmark (please see page 14).

Please note workshops are only suitable for groups of 50 students or less.

APPLYING THROUGH UCAS AND PERSONAL STATEMENTS Y12
Designed to help students understand the UCAS application process from registration, completing the form, through to tracking applications, handling offers, confirmation, adjustment and clearing. Learn the dos and don'ts of writing a personal statement and find out why they form such a crucial part of the UCAS application process. Students will consider real examples and receive tips on preparing their own.
Talk: 30–45 minutes
Workshop: 60 minutes

APPLYING TO COMPETITIVE COURSES Y10–13
This talk looks specifically at the difference between popular and competitive courses and explores the reasons why some courses are more competitive than others. We focus on what applications need in order to stand out, as well as looking at the steps admissions tutors take when dealing with applications.
Talk: 30 minutes
Workshop: 60 minutes

BENEFITS OF HE Y10–11
Explores the concept of going to university and the value of a higher education qualification. The session aims to break down barriers, raise pupils’ awareness and aspirations of HE.
Talk: 30 minutes
Workshop: 60 minutes

BENEFITS OF HE: A GRADUATE’S PERSPECTIVE* Y12–13
A Leeds graduate talks about their university experience, their career and how their time at university enhanced their employability.
Talk: 20 minutes
*subject to availability

CHOOSING A COURSE AND A UNIVERSITY Y10–12
A session looking at the tools and methods available for prospective students to make an informed decision about their university and course options.
Talk: 30 minutes
Workshop: 60 minutes

CHOOSING ACCOMMODATION Y12–13
There is a variety of university accommodation available to students. Catered? Self-catered? On or off campus? We explore how to choose and how to apply.
Talk: 30 minutes
Workshop: 60 minutes

CHOOSING A-LEVELS Y10–11
This talk focuses on the value of A-levels and encourages students to think ahead to their university options. The session explores the importance of selecting the right A-levels for you and for applying to university.
Talk: 30 minutes

**Why Choose Leeds?**

An introduction to the University of Leeds. Find out about the courses available, facilities, opportunities and support for students choosing to study here. Talk: 30 minutes
TALKS FOR TEACHERS, ADVISORS AND PARENTS

We offer a programme of talks for teachers, careers advisors and parents which can be delivered within your school/college as part of an event or a stand alone activity.

PREPARING FOR HE: MAKING THE MOST OF YEAR 12

A session focusing on what your students can be doing in Year 12 to prepare themselves for applying to university. We also explore how your students can develop the skills required for university level study such as critical thinking, independent study and research skills.

Talk: 30 minutes

WHY CHOOSE LEEDS?

A teachers’ version of our student talk introducing the University of Leeds. Find out about courses, facilities, opportunities and the support on offer for your students should they apply to and study at Leeds.

Talk: 30 minutes

WRITING ACADEMIC REFERENCES AND PERSONAL STATEMENTS

Examines the purpose of the academic reference in the context of the whole application form. We will explore what you know already, how you approach the reference and how to make it effective for university admissions. The interactive session will also include advice and guidance on how you can support students writing their personal statements.

Workshop: 60 minutes

STUDENT FINANCE

How much will it cost? This is the question which is asked by many parents. This session provides an introduction to student finance including fees, expenses and the different types of financial help available.

Talk: 30 minutes

SUPPORTING YOUR CHILD THROUGH THE APPLICATION PROCESS

A session for parents providing an overview of HE including the benefits of university study, the application process, accommodation and student finance.

Talk: 30–45 minutes
