

UNIVERSITY OF LEEDS

***Permission to Use
The Leeds Foot Impact Scale for Rheumatoid Arthritis
(LFIS-RA)***

Thank you for enquiring about the LFIS-RA

With this letter The University of Leeds is pleased to grant you permission to use the Leeds Foot Impact Scale for Rheumatoid Arthritis (LFIS-RA) for clinical and/or non-commercial purposes. In this instance, non-commercial purposes means that you agree not to use the LFIS-RA in research or other work performed for a third party, funded by a commercial third party (e.g. clinical trial) or provide the questionnaire to a third party.

When reproducing the LFIS-RA, please include an identifier as follows:

**Leeds Foot Impact Scale for Rheumatoid Arthritis, © 2005,
The University of Leeds; All rights reserved**

For purposes of standardization of content, scoring and labelling, we wish to assure users of the questionnaire and interpreters of its results that the designation "LFIS-RA" refers to the identical instrument and scoring in all cases. This allows comparison of scores across projects and applications.

Therefore, if you add questions to or delete questions from the LFIS-RA; or embed it into a larger questionnaire; or modify its layout or order of questions, please give the modified questionnaire its own name and indicate the following on the questionnaire form, including at its end:

**Questionnaire includes portions of the Leeds Foot Impact Scale for
Rheumatoid Arthritis (items number--), © 2005, The University of Leeds;
All rights reserved**

It is not permitted to create a non-English language version or culturally-modified version of the RA-WIS without explicit prior permission, which will also require following an agreed adaptation protocol. For existing language versions see the web site at:

<http://www.leeds.ac.uk/medicine/rehabmed/psychometric/Scales1.htm>

In return for royalty free permission to use the LFIS-RA, we request that:

- a. you complete and **return The University of Leeds User's Profile** form describing the way in which you plan to use the LFIS-RA; and

In addition if you intend to use the LFIS-RA in a research study we request that

- b. you make available to The University of Leeds non-identifiable data from your study which may allow it's research group to refine the applicability, precision and standardization of scoring of the LFIS-RA; and
- c. the study data not be used to develop another questionnaire with the same purpose as the LFIS-RA.

If you agree to the terms of **this letter of permission to use the LFIS-RA, please return a signed copy for my attention** along with the completed User's Profile Form, and I will email you a copy of the LFIS-RA.

(Scale scoring guidance notes will also be included).

For **technical advice and consultation** regarding the use of the LFIS-WIS, please contact Professor Jim Woodburn, at Glasgow Caledonian University,  jim.woodburn@gcal.ac.uk

Respectfully,
LFIS-RA Administrative Manager
