

IMMEDIATE TEMPORARY EXCLUSION ASSOCIATED WITH ILL HEALTH

Where it is judged by a Parent School that a student is suffering serious ill health, and either the student has declined to seek medical help and advice or the effects of the treatment are insufficient to allay the School's concerns, including those relating to duty of care, the School can request that the student be declared medically unfit to continue his/her programme of study. The School will make a report to the Secretariat. The case will then be forwarded to the Deputy Vice-Chancellor: Student Education for consideration and determination. As the circumstances allow, the student will be consulted.

If a student is required to withdraw under this procedure, he/she will be recorded as temporarily withdrawn from the University for reasons of ill health. The Secretariat will take the necessary action to have the record amended. The student will only be readmitted if and when he/she is declared medically fit by the University Medical Officer. Subject to this and the maximum registration period for the programme of study as allowed for by the relevant Ordinance, a student will retain the right of readmission.
